This is not another beginner book on Magick that so many large publishing companies tend to print. This book was designed for the intermediate and advanced practitioner of the Order of the Golden Dawn. Pat Zalewski was fortunate enough to work with original members of the Stella Matutina and was taught the inner secrets of the Adepts. Now for the first time, these secrets are being published so that those who could benefit from this knowledge will learn as Zalewski had done with his mentor, Jack Taylor. Also being released for the first time is the connection between the Admission Badges and the Temple floor diagrams. Zalewski also discusses in-depth the God-form assumption technique he learned. Many significant lessons are contained in this book that you will not get from any other source.
